

Is your website working for you?

Marketers... Understand Visitors, Behaviour & Conversions

We Can Help

- How many visitors do you have?
- Where do they come from?
- When do they visit?
- What pages do they read?
- Where do they leave from?
- Do they act? e.g. contact you

Helping you make the right decisions

Whether your aim is to inform existing customers or capture new ones, web analytics can help you evaluate how effectively your website is performing and meeting your business goals.

Analytics to Measure Performance

Our reports contain key website performance metrics giving you with the information you need to make the right decisions about future campaign investment, new content generation, social media engagement and more.

Why netConnective?

Using the free Google Analytics platform used by many medium-sized UK businesses, netConnective analyses your data over a set of metrics specific to your business. Our Google certified analysts produce easy-to-understand data dashboards and reports delivered directly to your Inbox every month.
